## ANACONDA BRANCH.

## A VISIT FROM A MANIAC.

Judge Gresham receives a call from a man who had \$5,000 in his mind. Chicago, Jan. 12.—Judge Walter Q. Gresham had an exciting experience with a crazy man today. This morning when he first entered his chambers a stranger approached the judge, familiarly asking if some one, giving a name the judge did not remember, had arrived. Being told no, he left. About 3 o'clock this afternoon the man entered Judge Gresham's room and told him the marshal had locked the money up and wouldn't give it to him.

"Not realizing that the man was out of his mind," said the judge, "I asked him what money he referred to, and he said \$5,000. I told him to go to the marshal, but he declined, saying the anarchists were after him and wanted to kill him. I then told him to take a seat and went to the marshal's office and told the deputies to inform the proper authorities of the condition of the poor man, so that he might be cared for. Deputy Hayes returned with me, and when we entered the room the presence of the deputy excited the man and he declined to go with Hayes. I directed the deputy to leave the room for a time, which he did. The man closed the door and went to the door leading from the chamber to the court room and locked it. I told him to sit down. He did so. He again said he was in danger from the anarchists, and referred to his \$5,000 and claimed my protection. I assured him he should not be hurt. After a little he again became quiet, but in the meantime some of the deputies had called the police and they were outside. The man had in some way learned of their presence and again became excited. I had him take a seat again and told him I must go soon. He requested that I protect him until the military arrive. I told him he had better demand protection of the marshal until the arrival of the soldiers, which he said he would do. I went out and requested Marshal Hitchcock to go to the room. He could not go, but sent his son and I told the man young Hitchcock would afford him protection when I left, and I immediately quit the room."

Two policemen and two other men after a struggle succeeded in overpowering the lunatic, who, with a cane he carried, attempted to avoid capture. He is of powerful build and about 50 years of age. Nothing further has yet been learned about him.

## DEADLOCK IN THE SENATE.

But the Iowa House Organizes With Republican Officers.

DES MOINES, Jan. 12.—The house this afternoon effected a permanent organization, electing M. O. Mitchell speaker as well as the other republican members named as nominees for minor offices. The governor's message was received and placed on file. In his message Governor Boies speaks of the prosperity the state enjoys, recommends liberal appropriations for state institutions and the world's fair, and suggests that laws looking to the maintenance of the rights of workingmen and betterment of their condition be enacted. No mention was made of prohibition.

In the senate, Engel, independent, voted for the republican caucus nominees and the democrats refused to vote. Engel's vote gave the republicans just half of the votes, and Lieutenant Governor Poyner

declared that there was no constitutional quorum present and therefore no election. The senate adjourned without effecting an organization. It is asserted this evening that some republicans favor counting the democratic senators to-morrow whether they vote or not, thus obtaining a quorum. Other reports are that the more conservative members are against such a plan, saying that the democrats are entitled to the minor offices. Furthermore they propose to break the deadlock and get to work at once.

## IT'S A BIG SCHEME.

Involving Many Millions of Money and Great Railway Interests.

NEW YORK, Jan. 12.—A local paper tonight prints the main facts regarding a railway scheme of unprecedented magnitude, the details of which will not be made public for some time yet. It is the financial and physical reorganization of the Richmond and West Point Terminal Railway and Warehouse company, as arranged by the Oleet reorganization committee. Briefly stated the new company will be formed with a charter empowering it to act to the general proprietary company, like the present terminal company, but also with power to operate and manage its own lines. It will lease securities in exchange for those of the present companies composing the terminal's system. Material securities representing the control of subordinate roads will also be exchanged.

It is estimated that a complete exchange can be effected by the issuance by the new company of \$189,000,000 in bonds and \$136,000,000 in stock. These figures at first seem staggering, but when the capitalization is adjusted to the mileage it will be seen to be at a rate of less than \$40,000 a mile. No other section of the country can show a similar proportion, as the figures vary from \$121,000 per mile in the middle states to \$18,000 in the northern states.

It is believed the scheme will go through with as little friction as can be expected of a plan of such magnitude.

## WORK OF A BLACK BRUTE.

An Insolent Negro Causes a Fatal Riot in Florida.

JACKSONVILLE, Fla., Jan. 12.—A Micopany, Fla., special to the Telegram, says a serious riot occurred last night between whites and blacks, crowds of whom had gathered in a public place to witness a tight rope performance.

A negro named Henry Hinson used insulting language in the presence of white ladies. W. Jefferson Chittyn, a prominent young white man, ordered him away. Hinson shot Chittyn, killing him instantly. A free fight followed, in which John Jones, a negro friend of Hinson, was killed. In the confusion Hinson escaped, but Macshah Purdy organized a posse and captured him at midnight. He was brought back and placed in jail, but early this morning a mob took him from there and hung him to a tree.

## In the Senate.

WASHINGTON, Jan. 12.—In the senate today Mr. Dolph, from the committee on coast defense, reported a bill for the purchase of sites for fortifications, also to provide for fortification and other sea coast defenses.

Mr. Berry, a member of the committee, dissented from the report on the latter bill, which carried with it an appropriation of \$125,000,000, extending over a period of 11 years. In view of the fact that the

government revenues are hardly sufficient to meet the ordinary expenditures, and further of the fact that there is an almost universal demand for relief from excessive taxation, he was not willing to report in favor of the bill carrying such a large appropriation as \$100,000,000, \$10,000,000 to be available the first year, and \$90,000,000 every year following for 10 years.

Chilton, another member of the committee, concurred with Berry. The senate passed bills for the establishment of a life saving station at or near the mouth of the Rogue river, Oregon; appropriating \$325,000 for the construction of two government revenue cutters for service on the Pacific coast.

Among the bills favorably reported by the senate committee to-day were for the erection of public buildings in the following places: Reno, Nev., \$75,000; Fresno, Cal., \$90,000; Alameda, Cal., \$50,000; San Diego, Cal., \$200,000; Oakland, Cal., \$200,000; Salem, Ore., \$100,000.

Perkins introduced a bill to remove the statute of limitation in respect to claims under the eight-hour law.

## STRUCK BY THE SCHOOL BELL.

Sad and Singular Accident to an Idaho City Girl.

IDAHO CITY, Idaho, Jan. 12.—Mary Kennedy, the 15-year-old daughter of John Kennedy, a hardware merchant of this place, who was struck on the back by the bell that fell from the public school house last Wednesday afternoon, is lying in a critical condition, one lung having been badly injured. The child was very popular here, and her death would cast a gloom over the community.

An animal known as the Rocky Mountain wahu, a nondescript resembling the rock bear, has been in the habit of following the Banner mail carrier on this end of the route during the past two or three days. Mountain lion tracks are very numerous, showing that the larger wild animals are having some trouble in securing food.

School district No. 1 has been pretty badly cut up by the formation of three new districts. The starting point of the districts just formed is near the upper end of Main street, Idaho City. Two of the districts contain 29 pupils each, and one 22, while No. 1 is left with 66. A deed in trust has been executed from district No. 1 to each of the new ones of one-fourth of the school building.

Roads throughout the county are getting in good condition again. James Irwin came in from south fork of Payette Wednesday. He has cut about 400,000 feet of logs this winter, and says contractors further down the river are banking a large number. The snow is three feet deep at that place. It is snowing again. It is now 16 feet deep on Summit flat and three feet here. The mails throughout the county now depart and arrive on time.

## Looking for a Fight.

ADEN, Jan. 12.—The Arab insurrection in Yemen has broken out afresh, and the rebels are marching upon Tanana, the capital city, while the Turkish forces are advancing to repel them.

Pupils wanted in stenography, typewriting, spelling, punctuation. Address Box 1, Butte office Standard.

With the desire of giving her husband a true picture of herself, a woman in Atchison, Kan., had her photograph taken as she appeared at daily housework in her kitchen dress, with a baby on one arm and broom and dust-pan on the other.

## NEW ERA CLOTHES WASHER.

No Rubbing or Boiling.

WARRANTED FIVE YEARS.

## TESTIMONIALS FROM ANACONDA LADIES.

We, the undersigned, having thoroughly tested the NEW ERA HYDRAULIC CLOTHES WASHER, cheerfully testify that it is the best and most complete Washer we have ever seen. That it will thoroughly wash the dirtiest articles, either coarse or fine, without rubbing or boiling, and hence without injury to the clothing, and in one-fourth the time and with much less labor than it can be done by any process.
